I loved the epilogues too.

“行到水穷处, 坐看云起时” was one of the Fourth Prince's favourite lines to write in the novel and it says well. If there is anything this book taught me it is that sometimes circumstances are bigger than ourselves; this line means to achieve a state of mind of patience: even if you climbed the mountain to see the water and have the water disappeared the water has turned to clouds so you shouldn't lose hope but watch the clouds instead (after all you've travelled far!). **Book bu bu jing xin/步步惊心 在线** (Fun fact: China banned time travel shows/movies after this series because it was simply too popular and also because people were starting to use the medium to convey certain messages) My favourite characters were Ruoxi and Thirteenth Prince. **Bu bu jing xin/步步惊心 yu** I also read that the TV drama deviated from the novel towards the end but I felt that it was mostly loyal to the book! The only thing the TV drama added was scenes that didn't involve Ruoxi and gave us omnipresence as well as the whole reincarnation story after she died. **Bu bu jing xin/步步惊心 novel** Convenient amnesia that wipes out her memories of her previous life seriously?! What was the whole previous season for then??? And a doppelganger to boot?! The last epilogue focuses on the last few years of Fourteenth Prince's ten years' worth of house arrest — SUCH a pity for a man of many talents as Ruoxi noted — and the aftermath of him leaving when the Fourth Prince dies. **Book bu bu jing xin/步步惊心 在线** It was so heartbreaking: the last sentence is of him saying he was glad that Fourth Prince didn't really change the infrastructure of the city this way he could slowly relive the memories of them (8th 9th from proverbs to idioms to poetry I am utterly mind-blown and wholly impressed. **Book bu bu jing xin/步步惊心 在线** In her author's note she says this book met with many difficulties while being published (which she prefers not to go into detail of because it brings her many bad memories) which I guess is ironic seeing the difficulties of her every character. **Book bu bu jing xin/步步惊心 在线** Which again brings me back to the line: “行到水穷处, 坐看云起时” (Do you see why I am obsessed now? This brings to mind I am the circle and the circle is me from Monsters of Men a white collar worker from 21st century China discovers that her soul has wandered back in time to the Qing Dynasty during the reign of the Kangxi Emperor and inhabited the body of a teenage Manchu girl Ma'ertai Ruoxi. **Book bu bu jing xin/步步惊心 在线** Being stranded in the past with no means to return to her own time Zhang unwittingly embroiled in a power struggle among the emperor's sons như báo hiệu một SE đang chờ phía trước :) Nội dung Bộ bộ kinh tâm khá thú vị. **Historical Fiction Bu Bu Jing 步步惊心** Trương Hiểu một nhân viên văn phòng 25 tuổi sống tại Bắc Kinh thời hiện đại sau một tai nạn bất ngờ vượt thời gian trở về 300 năm trước. **Pdf bu bu jing xin/步步惊心 pdf** Cô mang theo vốn kiến thức khá mơ hồ về lịch sử Thanh triều và điều quan trọng nhất là những quan niệm sống của thế giới hiện đại liệu điều đó có khiến cô gặp bất hạnh trong xã hội phong kiến đầy bất công hay không? made me sighed like dozen times If only. if only. believe me long. well practically the whole story.-- Emperor Kangxi --He rocked as Emperor hands down. First 'if only' here. Kangxi seriously needed to learn this to govern his family. And Kangxi did not choose wrong. She was hypocrite imho and I hated her for that. hell no woman.Second 'if only'. Well done Mom.-- Ruoxi --I had a love and hate feelings for her. Oh if only. It was a useless act I dare say. The fourth 'if only' here. She was the easy going happy-go-lucky character at first.-- 4th Prince --The most tragic character imo. I pitied him great deal. Mostly because he had such a bias mother. You could not be lenient to backstabber. No way. It wasn't like the children could choose the parents.He was greedy yes. What? Again--WHAT? It sounded wrong to me.He was scheming yes big time. Come on you did it first man. I wished he'd have ignored that unreasonable warning). And I loved him for that.I didn't find any 'if only' for him. He was just perfect the way he was. He was too softhearted to rule a country. Btw imo he was also the product of bad parenting. Rolled eyes to their mother here.-- Others --Minghui oh Minghui.Sigh my sixth 'if only'. I just love her for how she'd always been there.Drop your kritik n saran for me^^:<https://www.goodreads.com/story/list/>. I was mostly caught in the love story. I think this is what made the story so believable. I also like the main character Ruoxi a lot. For some reason she reminds me of Katniss Everdeen. Both were very rational and strong in their own way.
