

Sex Games for Girls: The Games We Play By Jordan Bell She writes primarily in the BBW subgenre of romance preferring to tell stories about curvy women like herself and millions of other awesome ladies who don't fit the "average" portrayed by most media. All of her books are steamy new adult reads where the romance never fades to black characters are always flawed and beautiful in their own unique ways and villains are not always mustache twirling evil doers. She writes primarily in the BBW subgenre of romance preferring to tell stories about curvy women like herself and millions of other awesome ladies who don't fit the "average" portrayed by most media.
