Jazan Wild is a bestselling author and musician whose Carnival of Souls Dandy and Funhouse Of Horrors series are international hits that have been downloaded millions of times around the globe even gracing Entertainment Weekly's Must List! {site\_link} In this volume Jacob finds his way to an old asylum where patients arrived but never left with a little help from the asylum staff who are not quite what they seem. The third book in this collection of stories begins another ghostly tale of the living-impaired through the eyes of the lead character horror writer Jacob 'Jake' Stone, This time Jake Stone the ultimate ghost seeker and everyone's favorite black hearse driver is headed to York Pennsylvania to investigate the seven gates of Hell. So prepare yourselves and put your therapist on speed dial... It's a Madhouse. Funhouse of Horrors and Carnival Comics are Registered Trademarks. As ever Jacob tells the stories of the patients and brings them peace the only way he can with graphic and satisfying results. Fiction Horror Comics In the third book in the series Jake Stone is visiting a town where there was an Asylum back during the civil war. Something terrible happened at the Asylum and the area has been haunted ever since, I had an inkling of what was going on but didn't quite guess it right although I should have after thinking about it some: Again this comic has DRM on Amazon so I have to subtract a point for that. Fiction Horror Comics This book caught my attention because I grew up near York PA, I've heard the stories of the Seven Gates of Hell though nothing so fantastic as this, Loved the artwork and story so much that I had to investigate the other books: I couldn't put my Nook down until I read all four in the series, I can't wait to see what else he has to offer! Fiction Horror Comics Much better than the first two. The main story ends and then it jumps to a completely different location with new characters and then ends three pages later, Would've been four stars if not for the awkward plot jump: Story built around a novelist who investigate about the ghosts & try to gave peace for their souls[1]

Book Three in Jazan Wild's Funhouse Of Horrors Series. The Funhouse of Horrors is open for business once again. Where there's a haunted house there's someone's story. A place the locals know very well. Finally all those urban myths will be laid bare. Now we'll find out just how they died. Jake Stone is there to set things right. I liked the story and found it interesting. There were some grammatical issues but nothing serious. But it is DRM free on Google Play. The plot was great and everything tied together well. until the end. Fiction Horror Comics Awesome story. Nice story. Fiction Horror Comics.
