How did he decide what went into that pile? How did he leave them? Directions in his will? Discovered accidentally in a closet after his death? WHAT? I think I'll skip reading any more Bukowski bios and just stick with reading the man's writing, 9780791078440 i liked this book because it gave a great visual image on how Charles grew up: Also it gives a great visual image on how he was raised: The problem i had with this book was that it was a slow paced book and i'm not a very patient person so that didn't work well for me. This book will be hard for you if you're one of those people who want the exciting stuff to happen right off the bat. This book gave me a inspiration and has a great theme behind the story: 9780791078440 This is a short and sometimes dry look at the life of Charles Bukowski, For example.

The Great Writers series explores the lives of some of the most talked about literary figures of the past half-century, A favorite of students for his poetry of raw angst and rebellion Bukowski revolutionised contemporary literature with his anti-establishment methodology: Charles Bukowski Michael Gray Baughan is the author of The Ana Log Other Anomalies available now from Independent Legions, II and a limited edition book/art project by Chuck Scalini called Body of Evidence.
