It's me. Much fun. www.newscientist.com/topic/las. Unfortunately I have a hell of a time understanding science. Earth - 32. Space - 353. Physics - 464. Meteorology - 715. Chemistry - 916. Evolution - 997. Biology - 1228. Health - 1529. Cognition - 17910. Alcohol - 18911. Eating - 20212. Transport - 21913. The answers? Disappointing. Some answers were too complicated others too vague. Much fun. It is not a single-author work. And this is not a book to be read quickly. Some have credentials printed beneath their names (e.g. Because well there's always Google
