You really need to treat yourself to this book! Young Frankenstein: The Story of the Making of the Film: A Mel Brooks Book I saw this Young Frankenstein when it came out. **Book Young frankenstein book** What a year! Brooks went from the producer of several well thought of movies that made no money (The Producers among them) to an Oscar level director with two huge blockbusters under his belt that he both wrote and directed in 12 months. **Young Frankenstein ebooks online** I love how Young Frankenstein combines scenes and characters from Frankenstein (the best in my opinion).
