

Bitten (Terrin Pass Pack, #1) By E.M. Leya Kindle Edition What is it with people who get attacked by wild animals and not going to see a medical professional? Josh has been thrown out by his father from the ranch he worked on most of his life when he comes out as gay. His grandfather steps in and tells him to use the cabin in the mountains until he has talked some sense into his son.

From ranching to hunting This was an excellent new paranormal book! Kicked off the family ranch by his father when he comes out Josh finds himself aimless as he has lost his livelihood home and family. While Josh is changing and learning to be a wolf he still doesn't have full control of his senses so the idea of insta-love does not come up again until Josh can embrace his wolf. Having the opportunity of pack gave Josh hope for a new loving family but Kurt didn't let Josh forget his own family and worked to make it that he try and reconcile with them without changing himself. Kindle Edition PLEASE READ MY RATING SYSTEM!!! To my ratings: A 35* is clicked with a 4* but in review marked as 35*:5* - very very good and rare (it would be a Blow-Away-book like 'Jesse's Smile' or 'Joey' from Angelique Jurd 'Save the the kids' series from EM Leya 'Love's Tethered Heart' from C. Etta or 'Liberty' from Seth King) it's like an A+4* - very good and will be often reread and is a WOW-book with interesting plot and surprises (like most of Andrew Grey books and Davidson Kings 'Haven Hart'-series) it's like an A35* - a really good book which will be reread a few times (most romances where you can enjoy for relaxing and during waiting times in hospitals). I can recommend them definitively! It's like an B+3* - it could be more then a one-time-reader (2-3 times a year) it's like a B2* - it was ok to read but it's more a one-time-reader (I wouldn't recommend it heartily but it was ok) It's like a C- D1* - sorry but that isn't really a book for me (too many mistakes not nice plot illogical so an absolute NO-GO). Kindle Edition ** DNF ** Kindle Edition

Kicked off the ranch after coming out to his parents Josh finds himself seeking refuge at his grandfather's cabin deep in the forests of Montana. Emotions are high as the two fight off the evil around them but as they lean on each other for support they find that together they can face anything life throws their way. Not sure why I am hanging myself up on this little technicality but it is really hard to see the back of your neck in a mirror no matter how much you twist and turn. Josh's character was a bit back and forth with his own emotions his struggle with his wolf but when he is about to lose Kurt he and his wolf come to an agreement and all the puzzle pieces in his head fall into place making it so much easier to shift and to enjoy the enhancements of being a werewolf. Then the rogue wolf shows up again and oh my what a disappointment that Tyler never wanted Josh as a wolf but was always after Kurt the Alpha and the pack he would win if he killed Kurt, 5 How to become a werewolf 101 with a lot of explaining the facts and the rest is only telling instead of showing. The only surprise was the rough and sometimes weird sex but certainly not the insta-mate: Sent to the family cottage by his accepting grandfather Josh finds himself contemplating what's next while trying to enjoy Terrin Pass: But after meeting a Park Ranger Kurt that he would love to know better Josh finds himself attacked by a wolf and his entire life changes: I've been reading plenty of alpha/omega wolf shifter books lately so the fact that this was the furthest things possible from that was a refreshing change. The pack has an alpha and the rest of the wolves fall into hierarchy by strength. There is respect for those stronger but it does not make them less than equals nor does it

force the weaker wolves to have crap jobs. At the beginning Josh is human and simply attracted to Kurt with Kurt also interested in Josh, Being bitten changes Josh as well as putting their relationship through the ringer as Kurt tells him about mates: I really enjoyed how the book went with training Josh to be a wolf and figuring out a new step in his life. Kurt was openly gay and showed Josh that around Terrin Pass that was okay, Through it all Kurt trained Josh to be a shifter while being open and supportive but stern as needed to be a good teacher: Found this a great book easy read and with an interesting paranormal world. I look forward to seeing more from this series and a further expanding of this world! Kindle Edition Well I have just read my first ever shifter story. I'm glad that the author gave a lot of back ground information about shifters wolves and wolf packs: She didn't just presume that the readers knew about alpha wolves their senses and what to expect of a shifter, I liked both the main characters Josh and Kurt how Josh struggled greatly with acceptance of the scary events in his life, His awful homophobic parents and devoted grandfather setting him on an unexpected path in his life: Meeting Kurt had affected him deeply suddenly finding himself free Josh wanted to know him closely. Kurt was a true Alpha strong and caring and becoming attracted to Josh: Unexpected events and constant danger around Josh meant that Kurt had to stay close by. I really enjoyed the developing feelings between these two men especially the parts when they were unable to resist one another: It was a heart warming love story that had some strange goings on, It's like failure in the whole line dismissed repeat the class Kindle Edition Good Start***3: Liked how even though the wolf and person were essentially one the author took the time to show the struggle between the two personalities in the beginning. The bloody meat and self pleasure scenes were interesting IMO: Even though I think others might find it disturbing I didn't. Showing his slow transition as the wolf slowly started to come forward; the primal side, Thought it was a bit weird that while Kurt was Alpha he answered to his boss that was also a shifter, I could understand a human but another shifter and he's the Alpha: I am intrigued how the rest of the series will pan out. The escape gives him time to clear his head and figure out a new direction for his life: What he didn't expect was for his peaceful vacation to take a violent turn, When attacked by a wolf while he's hiking Josh figures his luck couldn't get any worse, Kurt is the alpha of the Terrin Pass Pack and he knows that it wasn't a normal wolf that bit Josh: Defending Josh from danger is now his only concern but in doing so he risks losing his heart to the man he's supposed to protect, When menacing forces threaten them both Josh must come to accept that everything in life isn't as it seems, Things do go bump in the night and more lingers in the moonlight than he ever imagined, Josh meets Kurt the Forest Ranger and it turns out that Kurt's dad and Josh's Grandpa are friends. His back gets scratched and his neck gets bitten but luckily another wolf attacks the black wolf which gives Josh the time to run back to the cabin, There wasn't mention of one of these awesome folding mirrors (I used to have one myself) with two wings that give you a better look of your back and sides, Only once Josh thinks about reporting the attack but quickly dismisses it afraid that hunters would swarm the land to hunt the wolves: When Kurt checks on Josh again Kurt can't believe that state Josh is in. But he has to tell Josh that he has been bitten by a werewolf and that he will need the help for his first transformation and how to live with being a wolf. And of course Josh won't believe his own eyes or Kurt's words: Even when Grandpa rocks up and tries to convince Josh he is still a non-believer: Eventually Kurt gets through and gives Josh a crash course in Werewolf 101, I enjoyed reading this story although it was pretty much predictable, Tyler is totally underestimating Kurt's strength and gets what he deserves: Josh who grew up on a ranch was kicked out when he came out to his parents, Kurt is the alpha of the Terrin Pass Pack and he knows that it wasn't a normal wolf that bit Josh: I really liked both of these characters Josh is reluctant to trust both Kurt and what is happening to his body. This book was well written with no errors in grammar or spelling, I am looking forward to reading the next book in this series: Kindle Edition ☐ FREE on Amazon today (10/26/2019)! ☐ Kindle Edition.

#1)DNF 60%. The MC never seemed to advance the story. Kindle Edition 2. This book rides the line of insta-love and relationships.I am happy to say that I really enjoyed it.I look forward to the next book in the series.L.5 stars***The story was entertaining and a pretty quick read. To get to the point:Things I liked:1. Sexy wolf times2. 2. I thought it went right along with the story. Things that I didn't care for:1. I wish there was more character and world development. 2. The whole parent thing was okay; predictable. No emotion IMO. Felt rushed at the end of the book. 3.that was a bit off for me. In the end everyone gets their HEA. That is until he meets Kurt. Bitten (Terrin Pass Pack Josh's father. Then Josh gets attacked by a black wolf. I am not even sure if a hand held mirror helps. And so do his two wolf companions.All in all an entertaining story. And I did like Kurt. Kindle Edition This was a good read. While out hiking he is attacked by a wolf. These two had a lot of issues to work out. I also liked how each of them able to overcome
