

History vs Women: The Defiant Lives that They Don't Want You to Know By Anita Sarkeesian

History vs womenade nh Hilarious that all the illustrations are of beautiful women when we don't know what many of them looked like -- why can't our heroines look like normal people?

9781250146731 Another exceptional book about forgotten and erased women in history to come out recently. **History vs Women epub reader** I especially loved learning about the Sikh hero Mai Bhago; the 19th-20th century transgender brothel madam Lucy Hicks Anderson; Mother of the Children and education and Al-Qarawiyin Fatima al-Fihri; the 18th century Qing Dynasty poet and astronomer Wang Zhenyi; the black human computer to help launch men into space Annie Easley; the ruthless and terrible Spanish queen Isabel I; the Cantonese pirate queen and the most successful pirate of all time Ching Shih; the Godmother and American mobster and drug queen Griselda Blanco; early 20th century filmmaker Lois Weber; African-American artist Elizabeth Catlett; the unmatched badass 13th century Mongolian princess Khutulun; the oh-hell-yes 17th century Potosi vigilante partners and lovers Ana de Urinza and Eustaquia de Sonza; early 20th century undefeated wrestler and bodybuilder Kati Sandwina (a real life Wonder Woman); and the baseball player Jackie Mitchell.

Rebels rulers scientists artists warriors and villains Women are and have always been all these things and more. **Book History vs women's literature** Looking through the ages and across the globe Anita Sarkeesian founder of Feminist Frequency along with Ebony Adams PHD have reclaimed the stories of twenty-five remarkable women who dared to defy history and change the world around them. **History vs womeninc** From Mongolian princesses to Chinese pirates Native American ballerinas to Egyptian scientists Japanese novelists to British Prime Ministers History vs Women will reframe the history that you thought you knew. **Book History vs women's ncaa** Featuring beautiful full-color illustrations of each woman and a bold graphic design this standout nonfiction title is the perfect read for teens (or adults!) who want the true stories of phenomenal women from around the world and insight into how their lives and accomplishments impacted both their societies and our own. **History vs Women pdf converter** History vs Women: The Defiant Lives that They Don't Want You to Know

Anita Sarkeesian is an award winning media critic and the creator and executive director of Feminist Frequency an educational nonprofit that explores the representations of women in pop culture narratives. **History vs Women book review** After something more aggressive? What about Khutulun of Mongolia (born around 1260) who was even mentioned in the journals of Marco Polo? He was impressed with the way she would ride into battle with her father's troops and could capture an enemy as deftly as a hawk pounces on a bird. **Book History vs women talking** There are also tales of a female pirate who commanded an entire fleet women who were directors and producers in the early days of Hollywood and those who stood against the practices of lynching during Jim Crow. **Book History vs women's history** Featuring very nice sketched portraits to go with the abridged versions of their stories and some brilliant quotes and feminist commentary 'History vs Women: The

Defiant Lives that They Don't Want You to Know' comes recommended by me. **History vs Women bookworm** Huge props for the recommendation of Jason Porath's 'Rejected Princesses' in the acknowledgements as well! The authors admit in the afterword that they wanted to include more amazing women in 'History vs Women' and be as diverse as possible which wasn't easy due to deadlines and the scant research they could find on these complex women's lives not just their achievements. **History and women** History and liberation for women across generations! Progress freedom and respect for women! Final Score: 5/5 9781250146731 This was such an enjoyable and informative read! I recommend it to one and all! 9781250146731 A thoroughly enjoyable and very interesting addition to the plethora of books about notable women of history that have been published recently. **History vs Women bookworm** My only complaint about the book is small-- while the pencil drawings for each woman were absolutely gorgeous the rest of the graphic design both colors and patterns gave me a headache. **History vs womenary** I didn't know much about Margaret Thatcher other than who she was prior to this but the very thoughtful chapter on her not only taught me the facts of her life but also why the authors included her in the villains section next to lady pirates and drug lords and one of my favorites the riotous Moll Cutpurse. **History vs womeness** 9781250146731 Probably one of the best of these 'forgotten ladies of history' books that I've read and I've read a lot of them! That being said maybe only about 30-40% of the women featured here were completely new to me but a lot of them still had new information and the portraits were absolutely gorgeous as well. **EBook History vs women talking** For example I'm always a bit wary when Margaret Thatcher is included in a book like this but here there was actual in-depth discussion about how she might have paved the way for women to be heads of state but she had horrible policies that hurt a lot of women lgbt+ people and non-white people. **History vs Women book review** I think this is one of my favorite quotes from the book that deals with this topic: Sadly some of the most unyielding opposition women face comes from outdated notions that claim to uplift us.

Not as good as other historical women bio anthologies and doesn't stand out among the growing number of them, **History vs womencare obgyn** Best known as the creator and host of Feminist Frequency's highly influential series Tropes vs. **History vs womenin scholarship** Women in Video Games Anita lectures at universities conferences and game development studios around the world. **Book History vs women's ncaa** Anita dreams of owning a life size replica of Buffy's scythe, **EPub History vs women's history** Tired of damsels in distress? Ready for some rebels artists scholars amazons and even villains? Then this is the book for you: **History vs womenalia** Some of the women profiled within these pages may be familiar - Margaret Thatcher Annie Easley - but others you have probably never heard of. **History and women** How about Wang Zhenyi a poet from the Qing Dynasty? She was born in 1768 and studied everything from astronomy to martial arts: **History vs womeness** In 1994 a crater on the planet Venus was named for her. **History vs Women kindle** When you look into the night sky seek out Venus and be dazzled by the celestial body and the woman who saw the stars and felt the wonder of the universe. **Book History vs women** If stargazing isn't your style perhaps you prefer the arts? Maria Tallchief and her brilliant performance as Ballanchine's Firebird may be more to your tastes. **History vs womendress** The first Native American prima ballerina explained her achievements by saying You do what you have to do and when you must then you do a little more. **Book History vs women's ncaa** Or there is Murasaki Shikibu who wrote The Tale of Genji around the year 1000 and it is considered the first modern novel, **History vs Women kindle store** She filled her novel with multifaceted female characters who provided a rare glimpse into how it felt to be a woman in her world, **History vs womenboxeo** She was also a champion wrestler and refused to marry anyone who could not defeat her: **Book History vs women** Recommended for anyone with an interest in women's history or feminism: **History vs Women book summary** I read an e-book provided by the publisher through NetGalley:

History vs Women ebook reader I felt like I would either get too much information or not enough information about these epic ladies, **Book History vs women talking** Some categories were far more intriguing than others as well, **History vs womeness** I really liked the pictures included but I just didn't find it as intriguing as I wanted since I wanted all the epic ladies killing it: **Book History vs women's** I think this is a good starting place for learning about these awesome women, **History vs womeness** It didn't go into much depth on any of them- understandable with the format and it could feel a bit preachy sometimes but overall pretty good: **History vs Women pdf reader** I'm glad they included a villain section bc when I first got it and was flipping through I saw the section on Margaret Thatcher and was just like oh no. **Book History vs women talking** 9781250146731 First it's a book for kids so if you're an adult then you should probably look for some more involving material. **EBook History vs women talking** Perhaps a good way to read this book is to take the list of names of women covered and read their Wikipedia articles instead. **History vs Women book review** But if you miss ideological hot takes and naive op-eds and don't expect learning much then I guess the book is fine. **History vs womenin scholarship** 9781250146731 Preachy who struck out both Babe Ruth and Lou Gehrig: **History vs womeness** Of course she was discredited for it and called a fraud because she was a girl. **History vs womena** Yes the 'Relentless Amazons' section is a damn exciting inspirational and liberating read: **Book History vs women** Admire (or just pay attention to) a woman's actions and words not her looks. **History vs Women booklet** Films need to be made about these historical heroines scholars leaders giantesses and villainesses: **History vs Women pdf free download** Seriously get on with it now Hollywood or preferable anyone else. **Book History vs women's history** So maybe there will be a volume 2 if this book is successful enough: **Book History vs women's clothing** Everybody girls boys young old anyone and anyone outside of the binary should be reading books like this for the sake of the human race: **History vs Women ebook free** You can learn so much about women if you only listen to them and pay attention, **Book History vs women's literature** We'd be nothing without them; without their rebelling and fight to be seen as equals to men: **History vs Women book summary** There were multiple women featured in this book that I did not know about before and found fascinating--rebels: **History vs Women books** I was in awe of so many of their accomplishments and the courage it must have taken to achieve them. **History vs Women books** Perhaps this is just to remind me that I'm not the target audience? at any rate that's a small quibble, **EBook History vs women's literature** Otherwise I very much enjoyed these stories and raced through them. **History vs womeng** I also appreciated that Ms Sarkeesian and Ms Adams included more commentary than usual in each segment on one of the women. **History vs Women book review** I definitely recommend this collection--it's accessible for a younger generation but not dumbed down in a way to repel older readers (aside from the graphic design *shakes cane, **Book History vs women's ncaa** get off my lawn!*) and you'll learn about women you may never have heard of before who certainly deserve to have their achievements recognized: **Book History vs women's clothing** Some of my personal favorites aside from Moll Cutpurse? Trieu Thi Trinh Vietnamese freedom fighter from the third century: **History vs womeninc** Jackie Mitchell the female pitcher who struck out Babe Ruth and Lou Gehrig: **EBook History vs women** If you want an author to shove their own personal opinions down your throat then read this book, **Book History vs women's clothing** What I liked in particular about this book was that the author was not afraid to say that women can do things wrong: **History vs womeninc** Most of these books try to twist the women's every action into being something feminist just because she chose to do it even if it hurt other women in the process: **History vs womeninc** This often takes the form of stereotypical ideas about femininity: Women are nurturers: **History vs womeness** But when we take the time to really think them through we realize that putting women on a pedestal is really just another way to keep them in a box: **Book History vs women's clothing** By only allowing women to express vague and restrictive qualities like purity or morality we deny them the full range of human feeling and behavior: **History vs womeninc** It is definitely a very well researched book that includes a lot of women from different time periods and backgrounds and I hope they do another one in the future. Most needed and appreciated. She is the

coauthor of History vs Women. 9781250146731 This was eh. 9781250146731 4.5 stars.As to contents and style preachy and shallow are the words. Otherwise beware.To hell with what is considered feminine and masculine. No excuses. It can be read in one cosy afternoon. I hope it will be. No one can keep any girl down. They're people not to be placed in any box. Not to be limited and made small and submissive by men. athletes. artists. politicians. I now have so many more women to learn more about. Fatima al-Fihri medieval founder of a still active university. Khutulun the unbeatable wrestling princess. and so many more. Go read the book. Now! 9781250146731 This book is an opinion piece. Just wanted everyone to know that. Women are inherently compassionate. Women are somehow more pure and virtuous. On the face of it these seem like positive traits. 9781250146731.
