“The enemy of my enemy is my friend...”Aria Talvery is the daughter of the most violent crime family around. **Merciless definition** I didn't want this story to end and I guess I got what I was looking for because of the cliff-hanger ending but GRRR!!! I don't want to wait! I'm so excited to continue their story in the upcoming book Heartless!Recommended to those who like passionate romance with a dark thrill. **Merciless nature** Merciless is an amazing novel not just for the intriguing interactions between Carter and Aria but also for the secondary characters that surround them and the world that Winters is building. **Merciless ebooks kindle** I read (and love) a lot of dark romances so I don't always expect my heroes to be sweet upstanding citizens but generally there are moments even in the darkest of books that I feel the hero cares (even if it is in his own twisted way) for the heroine. **Merciless suspense thriller** I just never understood the reasoning behind why he had to treat her so badly to get what he wanted? He wanted to break her? Why? Surely he could have gone about it in a less harsh and cold way? And from Aria's side I just felt like the poor girl had Stockholm Syndrome so bad she would have done anything Carter said to stay out of the cell he kept her in. **Mercilessly make fun of crossword** Since we don't get a lot of background info (IMO) on WHY Carter is doing what he is doing with Aria it just felt like he wanted to break her and didn't care how cruel he had to be to get it done. **Merciless w101** Willow Winters Title: ☐☐- MercilessAuthor: ☐ Willow Winters☐☐☐☐☐☐ Three family fighting over territory I wanted his story immediately!! This book was phenomenal! It is a darkly thrilling exciting and engaging read, **Merciless remnant 2** The pace is perfect and the story flowed so well upping the angst and the thrill as it progressed, **Merciless xp battle cats** It is a little

different from this author's normal writing style leaning more towards "romantic thriller" but I relished it nonetheless. **Mercilessly make fun of crossword** It is also the second book in a series of standalones that are interconnected: **Merciless xp battle cats** There was so much tension in this book that you could cut it with a knife, **Merciless extermination** In alternate parts of this book my breath came ragged and shallow due to the anticipation while others I held in my breath with dread. **Merciless definition** Not to mention fanning myself from the scorching hot sex scenes! As for the characters Carter was a sexy obsessive and possessive man. **EBook merciless** He was more of an antihero but I loved his character and his possessiveness: **Mercilessly make fun of** Aria is broken from a past trauma and she is a strong as she can possibly be considering: **Mercilessly make fun of** Her character was well-written and I found myself feeling for her plight and having my stomach drop in fear for her, **EBook merciless definition** This is an all encompassing read about setting yourself free and facing your fears, **Merciless remnant 2** What Carter does for Aria and how this author wrote it was masterful. **EPub merciless nature** I absolutely loved it! Mercilessly make fun of crossword There really isn't much more I can say about her because her character was pretty much a victim for the entire book: **Merciless definition** Hopefully in the next one we see a stronger tougher Aria: **Merciless xp battle cats** ~SECONDARY CHARACTERS~This one was pretty light of secondary characters. **Merciless ebooks library** Mostly we just see Jase (Carter's brother) and a little of Daniel (Carter's other brother) and the hero from the previous book: **Merciless nature** All the brothers intrigue me so I can't wait to read their books, **Merciless extermination** There are couple moderately spicey sex scenes in this one but I wouldn't say it was overly erotic or kinky, **Merciless ebooks kindle** That said the frequency and heat felt organic to the story: **EBook merciless synonym** Most of the angst in this one came from the way Carter treated Aria: **Merciless xp** Neither were virgins and there isn't a single mention of either of their past sexual experiences, **Merciless suspense thriller** Like I said on one hand I pretty much inhaled this book in one go: **Merciless definition** Mainly I just struggled with the way Carter treated Aria for the entire book. **Ebooks merciless nature** I needed some softer scenes that showed he actually had genuine feelings for Aria. **Mercilessly make fun of crossword** Or at the very least more explanation for his harsh actions. **Merciless definition** I know I will be waiting not so patiently to get my hands on it: **Merciless suspenseful** 5 Stars rating with the option of changing that as I marinate on it more, **Merciless ebooks kindle** Carter is darker more dangerous and he's definitely on a mission to steal my heart!Recommended for fNs of BDSM Mafia Romance and Romantic Suspense. **Mercilessly make fun of crossword** All during her pregnancy with Evie she continued to read and she only wanted to read romance: **Merciless w101** In January 2016 Willow was staying up late with Evie and just thinking of all these stories. **Merciless suspenseful music** They came to her constantly so she finally sat down and just started writing. **Mercilessly make fun of crossword** All during her pregnancy with Evie she continued to read and she only wanted to read romance: **Ebooks merciless nature** In January 2016 Willow was staying up late with Evie and just thinking of all these stories: **Merciless xp battle cats** They came to her constantly so she finally sat down and just started writing[1]

Romantic suspense. Women like her are made to destroy men like me. I couldn't resist her though. But I didn't know what she'd do to me. That she would change everything. She sees through me in a way no one else ever has. I know better than to give in to temptation. A ruthless man doesn't let a soul close to him. A cold-hearted man doesn't risk anything for anyone. At times Carter is a man you love to hate. I loved Carter & Aria's story. ♥●•I loved the book. It was addictive. I am looking forward to reading the next book (Heartless). ☐ ☐ .**This has not influenced my review.** ☐ ☐ Paulette Review ☐☐ Willow Winters So.the alpha H needs to own the h. abducts her (allegedly to protect her from a mafia war).then they have sex a lot lot lot.the writing probably. And the ending.☐.At times Carter is a man you love to hate. I loved Carter & Aria's story.♥●•I loved the book. It was addictive. I am looking forward to reading the next book (Heartless). He is cold calculating and merciless. As days pass Aria works her way under his skin. It is told in dual POV. I was riveted.Time ceased to exist as I read this book. I was consumed throughout. The desire between the characters was palpable.The writing pulled me in and kept me engaged. The story resonated with me. I received an ARC of this book. All thoughts and opinions are my own. Carter is sexy powerful and dangerous. I love it. Page after page word after word of complete brilliance. Where to start? Carter captivated me from the very start.Carter is the head of his family business. He's cold-hearted ruthless and always gets what he wants. And he wants Aria. Carter and Aria's story isn't a straight forward one. There is sadness fear attraction and plenty of fireworks. I read this book from start to finish. He didn't disappoint me. Dominant protective ruthless and driven. I was enchanted by him. He is so intense. Aria is strong and defiant. I can't wait to see what Willow writes next.Merciless left me speechless. On one hand I enjoyed it a lot. The writing was fantastic. The pace was perfect. In this one I just DIDN'T.~HERO~CARTER.Carter was a bit of a mixed bag. He was sexy. He was domineering. He was charming. I love how close to his brother's he is. So I have my fingers crossed he can be redeemed. ~HEROINE~ARIA.Sigh. I honestly just felt so sorry for this

chick. She stayed strong for as long as she could. With very little sleep. Very little food. ~HEAT LEVEL~Low. There was some spanking. Handcuffs. That sort of thing.~ANGST LEVEL - SEXUAL HISTORIES~High. There was no OW or OM drama.~IN THE END~So yea I don't know. So obviously I liked a whole lot about the book. I adore this authors writing. It (more often than not) is top notch. The pace was good. The plot engaging. Hopefully the next book will address both those things. So for now I am going to go with a 3. This isn't a sweet and cuddly romance folks. The title and blurb are spot on. Carter is cold-hearted and ruthless. Nothing stands in the way of what he wants. And Aria is who he's set his sights on.Merciless is grittier than the previous book in the series. She was reading a book a day — sometimes two. She was reading a book a day — sometimes two
