Poorly explained or just was eh. overall. wouldn't recommend. □ 371 Found this book through tiktok. I finally was drawn in and couldn't stop. A. I look forward to reading Bloodlines. 371 i wasn't a huge fan of this book. i honestly wouldn't read another one though. I love that Miguel loves that side of her. Honestly they are a great couple. Large and I do mean large gaps between sentences. I do wonder what the heck happened. I am wondering what the next 3 books will focus on. Also....and this is a big one....I DO NOT CARE HOW MANY FANCY CARS HE DRIVES. It's annoying and distracting.... You had me in tears at points and smiling at others. It's still not my genre. A. Gordon created. I wasn't overly thrilled with the characters. Eternal love is always worth centuries of waiting. Gwen is blindsided by desire. Her hunger is confusing disturbing magnetic - intoxicating. She's never known such fierce yearning. The Wayside (The Dowrra Series #1)A.A.A. {site_link}.
