The book is extremely informative particularly chapter 2. I'll probably reread chapter one two and three. Positivity and faith in the techno-Christian Gods. But it was still a very informative book nevertheless. Its a very quick read. I finished it in a night and the next morning. A pity really. But there is more to this technology. This book is a summary of the basics of blockchain. A fantastic way to understand the basics of blockchain. More at <http://www.markmyadventure.com/book-r>. In short it will enact radical change on our lives. In this book David L
