

Winters Fury (A Jeremy Winter Thriller Book 3) By Tom Threadgill I hate I'm at the end of the series for the time being! Glad the author has other books! Winters Fury (A Jeremy Winter Thriller Book 3) So good!!! Love the Jeremy Winter series! The cast of characters are wonderful! I loved the twist at the end did not expect that at all! Can't wait for more! Winters Fury (A Jeremy Winter Thriller Book 3) Tom Threadgill's books have a distinct focus on clean suspenseful action with strong character development. Slight spoiler alert: a few things got resolved in this book including the romance part :) These books are not overtly Christian - in fact I don't believe either Maggie or Jeremy were ever Christians - but the books are clean and God and Christianity are discussed and have parts in the story. Recommended for the murder mystery fan! Winters Fury (A Jeremy Winter Thriller Book 3) Winter finally gets justice! It's been 17 yrs since the murders of his wife and unborn child but retired FBI agent Jeremy Winter has not given up on finding the killer.

Okay but I hope future ones more real The overall plot a bit far fetched for me and the surprising 'twist' at the almost end wasn't all that surprising, But if I want clean I need to accept it often comes with cheesy, Winters Fury (A Jeremy Winter Thriller Book 3) A bit slow at times and I kept forgetting the characters' names but it got there in the end: Winters Fury (A Jeremy Winter Thriller Book 3) I've been enjoying Threadgill's books. The characters are believable the plots interesting and they move along well, Jeremy Winters has been plagued by the unsolved murder of his wife and unborn daughter while he was in Afghanistan years earlier, Recently retired from the FBI Jeremy takes on solving his wife's murder and his current girlfriend/FBI agent Maggie does all she can to help. An additional & fun character in this book is Tanessa Maggie's trainee: Winters Fury (A Jeremy Winter Thriller Book 3) Awesome book! Great reading! Total excitement without bad language, He is a member of the International Thriller Writers (ITW) and American Christian Fiction Writers (ACFW), In his downtime Tom enjoys woodworking riding his Harley and chasing the elusive Yard of the Month award: He currently resides with his wife in the Dallas area and can be reached through his website at TomThreadgill, Tom Threadgill's books have a distinct focus on clean suspenseful action with strong character development, He is a member of the International Thriller Writers (ITW) and American Christian Fiction Writers (ACFW). In his downtime Tom enjoys woodworking riding his Harley and chasing the elusive Yard of the Month award: He currently resides with his wife in the Dallas area and can be reached through his website at TomThreadgill: {site\_link} Retired FBI Agent Jeremy Winter spent his career chasing serial killers. Now he finally has a chance to go after the one murderer who matters most - the killer of his wife and unborn daughter: With few clues and nowhere to start Jeremy tests the legal limits of his investigation risking arrest and angering his FBI Agent girlfriend Maggie Keeley: His determination to find the killer leads him on a twisting path of weak leads and strong doubts, Written for the General Market (G) (I): Contains little or no; sexual dialogue or situations or strong language. Winters Fury (A Jeremy Winter Thriller Book 3) This was a really good series. There is a totally different kind of serial killer in this book and the author did a great job of bringing some things together I did not see coming: As with the other two books there is a lot of humor - banter between Maggie and Jeremy - and also more of the author's amusing descriptions. This one was not quite as intense as the first two but just as good. I can honestly say these are the best of this type of book that I have read, It would be awesome if the author did a couple more books in this series but I am guessing it is done. Winters Fury (A Jeremy Winter Thriller Book 3) Enjoyed the book overall. Some questions remain at the conclusion but overall very suspenseful. No profanity of sexual content which I really appreciate Author shows the perspectives of the investigator and the criminal mind: The criminal mind perspective is a little dark for me - I couldn't read the killing accounts but did enjoy Jeremy Winter and his sleuthing. He reminds me of Kolchak (original night stalker) or Columbo. His own agency backstory military experience and the manipulation of politics seems very believable: Enjoyed ending Winters Fury (A Jeremy Winter Thriller Book 3) Great conclusion to the series with several lingering items resolved: This has been a good series with each book better than the last, Winters Fury (A Jeremy Winter Thriller Book 3) Jeremy Winter is a middle-aged FBI agent on the cusp of retirement, Each story has a beginning-middle-end murder mystery

that comes to a satisfactory conclusion, No story is for the faint-of-heart as Jeremy's FBI specialty has been serial killers. The Jeremy Winter Series written by Tom Threadgill is three novels to date each in the area of 10 hours of listening in unabridged audiobook format. A thread through the novels is Jeremy's service as an FBI interrogator in Afganistan. He witnessed illegal behavior by his superior but has kept quiet, The superior is now married to a presidential candidate and fears a leak might damage political aspirations, There is also a thread of Jeramy's budding romance with another FBI agent in addition to the unsolved murder of his pregnant wife while he was deployed, Books one and two are narrated by Austin Walp book three by Drew Bott. IMO Austin is the better of the two but that's just an opinion. My reaction when starting book three was What's wrong with this narration? So : Bott's voice for Jeremy didn't work for me high pitched and whiney for a guy in his late 40s: There is no explicit sex no objectionable language albeit some of the murders are on the grizzly side—good mystery and suspense, At the end of book three the author's note tells us that there will be more Jeremy Winter stories. Now he has ample time to run his own investigation...with the occasional input from his girlfriend and FBI agent Maggie Keely, The investigation unknowingly leads them to a serial killer who had been flying under the radar, Winter's killer will blow you away!! Excellent book...with some crazy humor...Maggie can never get sayings correct! Looking forward to more: Winters Fury (A Jeremy Winter Thriller Book 3)

. It has romance and mysteries.com.com. The past is fixed. The future is fluid. The fury is now. And Jeremy Winter has time to kill. In this one Jeremy works on finding his wife's killer. They are well worth reading. In Winter's Fury I especially loved the addition of Tanessa. She brought along some nice humor. Coming of Winter Dead of Winter and Winter's Fury. Read them in sequence or you'll miss continuity.All were released in 2019 by Silverton Agency. there is that. The identity of Mrs
