that point, **Nice Catching youqi** That's not to say it's a bad book but it follows a very expected path with predictable results: **Kindle Nice Catching young** This story is fine for what it is but if you're looking for a book with more complexity and more character or plot development and a moronic nerdy law student (Jacob). **Nice Catching youth** Jacob apparently lives under a rock possibly under the mantle of the Earth based on his complete lack of sports knowledge. **Nice Catching youngstown** No one absolutely no one can not know that sports have positions and that captains are IMPORTANT PEOPLE. **Book Nice Catching youth** We have gym class in elementary school you cannot possibly get through life without knowing that sports have positions even if you don't know what they are for each sport. **Nice Catching youwave** "Don't get to many hockey games do you Jacob?"michaelscreamingno. **PDF Nice Catching young gif**Secondly you absolutely cannot get through life without knowing that a motherfukin captain is an important person, **Kindle Nice Catching you're** I mean check quote:JACOB: The captain's special? For the record I'm not quite that dumb. **Nice Catching your** I didn't know anything about hockey but a captain sounds special: **Nice Catching youtradefx** The first piece is a text to his friend and while he's being a little jokey about it the end of the last sentence makes it clear he's a flat out moron: **Book Nice Catching young** I also have to note that apparently this university they go to has a top tier hockey team: **Book Nice Catching you gif** Having gone to a university with top tier sports teams this is going to absolute saturate campus there is no way in the universe you could possibly miss sports terminology: **Nice Catching yousef** A pathetically young and naive 3L studentJacob is said to be a 3L law student - third year. **Nice Catching youwave** He has some remarkably childish behaviors in the hotel room - yes you can be unhappy someone is a jerk/homophobic/etc but he like. **Book Nice Catching youi** He also apparently never made it past the jocks r dumb phase since he is totally blanked by the idea that Nick has been accepted to Georgetown for law school. **Nice Catching youwave** Sure not all college athletes focus on academics or care about them but that doesn't mean that they're all meatheads: **Nice Catching youtradefx** It's right up there with number 1 on my list of complaints: **EBook Nice Catching youi** Ryan Taylor This book was provided by the author via IndiGo Marketing & Design in exchange for an honest review, **Kindle Nice Catching you on fire** Nick Johnson is a closeted senior at UNY and the captain of the men's hockey team. **Book Nice Catching young** Jacob Meyer is in his third year of law school at UNY and he is out and proud: **Book Nice Catching youi** The weather is bad and the bus fishtails causing Jacob to fall out of his seat. **PDF Nice Catching young** Nick catches him and when their eyes meet they feel a connection though neither one acts on it, **Nice Catching youmail** As far as Jacob is concerned Nick is the straight golden boy of the hockey team: **PDF Nice Catching young** The bus is forced to stop at a motel due to the weather and Nick and Jacob get paired up, **Nice Catching youssouf fofana** Nick's friends give him grief over it but he's thrilled to spend time alone with Jacob. **Nice Catching youwave** When his friends use derogatory talk regarding Jacob Nick is quick to jump to his defense. **Nice Catching youx fashion** Nick tells Jacob about himself and they begin a friendship that slowly turns turns out to be more, **Nice Catching youve** It's hard to hide the fact that they are a couple once things do start heating up: **Nice Catching youssouf fofana** Nick's friends start noticing how much time he spends with Jacob and some of the homophobic teammates start making comments: **Nice Catching youx fashion** Jacob wants to protect Nick's college hockey career so they try to keep it a secret but secrets get out, **Book Nice Catching you gif** This book is much different that a lot of college coming out books I've read recently, **PDF Nice Catching young** What I've been reading always seems like everyone is happy for the couple and they rarely face much strife: **PDF Nice Catching young** This is a much more realistic take (unfortunately) on what you could expect a couple in their positions to face. **Book Nice Catching your breath** Nick has some teammates and what he thought were mentors who showed their true colors: **Nice Catching your honor** But it does work out well for both of them in the end and Jacob is given an opportunity to shine while Jacob ends up getting to follow his ultimate dream. **Kindle Nice Catching your breath** This is the first book I've read by these authors and I would definitely read another by them. **Nice Catching youok** I like books that give you lots of feels and this one does that[1]

You may want to pass on this one. Read Elizabeth's review in its entirety here. Ryan Taylor Not even NJR could get me through this one. His narration is amazing but the story is not. I honestly already have plenty to criticize. 1. I was in luck because I wasn't disappointed. I love how the book jumped right into the story. ' Perfection. The flow was smooth sailing the whole way through. Life was about to get tricky. Jacob was out Nick was not. Maybe that is a misconception or maybe it's the minority. I couldn't really say. It was a fresh take on it enough said. When you know you know. This is my review my opinion. **Snaps fingers**The characters in this book were awesome. They're connected but separate. They can be read in order or out of order. Either way I highly recommend this book. Once you're done you're gonna wanna read more.***Copy provided to Bayou Book Junkie for my reading pleasure. A review wasn't a requirement. Its a middle of the road type read. Mild/moderate angst falling in love rampant homophobia. The interaction is sweet but bland. When he does get pushed out its a basket of snakes. His teammates run both hot & cold. His coach is a ridiculous dinosaur. Jacob and Nick do not have an easy journey by far. But it's not all pain for Nick and Jacob. It was so heartwarming. I adored these characters so much. I'm so glad I gave this book a chance. Ryan Taylor What happens when the No. All hell breaks loose when the relationship gets out. There's also plenty of steam and a very happy ending. So cute. We like our guys right away. But the men seem to gravitate to meals and talks. They are fiercely supportive of each other. Jacob is mostly unharmed. Marvelous !It feels real and I highly recommend it. ENJOY !===== Ryan Taylor A Joyfully Jay review. 3. Too much idiot. 2. That puts him at around 25 years old. He reads like a 16 year old. pouts about it. Cold shoulder type pout. It's eye roll worthy. 3. The writing This reads very young. The whole initial bus scene. the hotel room arguments the creeping in the hotel room. the stilted conversations. one dimensional characters. I could probably keep going but this is good enough. They meet on a school sanctioned ski trip. What Nick doesn't want anyone to know is he's gay. Not without some bumps along the way. Due to a lack of communication in what they want. Despite all this it's not overly angsty. That is not this book. I was angry for a lot of this book. There is a lot of injustice going down. It was well written. Ryan Taylor
