

Elysian (A Celestian Novel, #1) By Rebecca Queen **Elysian liss** I friggen adored all the insights into her past lives and how those past actions influence our problems now Random memories of previous reincarnations *illuminate* the kind of goddess that Kary use to be.... **Elysian fantasy springs** "Magic Tier— this is where things really start to get interesting !!Chaotic realm full of magical creatures.

Elysian liss

I wanted to get straight to the goddess badass part of the book. **Elysian landscapes** Like they were raised human for a reason and that whole revelation was barely a page — they need to keep their unique personalities while having the same goddess awakening that Kary undergoing. **Elysian liss** That was just so random and different from the rest of the POVs that usually continued the linear progression that I was confused and thought I was re-reading the same scene again Finally that the whole feeling incomplete without the twin. **Elysian liss** I would've loved for that to be more incorporated in the beginning human tier of Kary's character to hint towards it later WARNING: there is some kinda taboo stuff on up in here that is pretty edgy for a friggen YA so it not for everyone but I like dark sexy fantasy psst. **Elysian fantasy island** anime fans think The Irregular at Magic High SchoolHonestly.

Elysian liss

Rebecca Queen did a great job of building such a fantastic world in this series with intricate relationships spanning back CENTURIES of character development. **Book elysium** I really liked the idea of changing the stories of Greek Gods and I would be very interested in what happens next! Elysian (A Celestian Novel #1) Elysian combines all the world's religions and mythologies into one amazing story! Talk about the dream of the average American girl. **Elysian fantasy island** I can't wait for the next in the series! Elysian (A Celestian Novel #1) Elysian is a nonstop ride of discovery adventure and sparkle! Kary is the 15 year old girl we all wished we could have been: someone who discovers she's a princess and goddess in another realm. **Elysian fantasy** She's fearless and no one will stop her from doing what she knows is the right thing! It was a joy to watch her transformation and it unfolded so naturally on the page. **Book elysian brewing** I'm looking forward to finding out what happens next! Elysian (A Celestian Novel #1) Elysian was a fantastic book! I assumed when I started reading it would be your run of the mill YA Fantasy book. **Elysian kindle app** not all the goddess were exactly good in their past lives lmaoThe action humor danger and sisterly bonding kept this YA fantasy novel from being anything basic I was cackling while reading the sisters badass dynamic — some classic sisterly fights of stealing clothes sneaking off and keeping secrets. **Book elysian apartments** GODDAMN IT LORELEI Some of secondary character included Ryan Sebastian Seth Regor Aaron each with their own past experiences with the goddesses throughout their lifetimes "You're ridiculous. **Book elysian brewing** I talkin' friggen Top Tier character reveals plot twists and foreshadowing FROM THE FIFTH CHAPTER HAVING hUgE RAMIFICATIONS !!The book built-upon the already entertaining plot and identity discovery to have even bigger consequences than we thought ! For all intents and purposes Think: — being reincarnated over into several centuries cultures wars. **Book elysian apartments** And then we find out that the whole time the twins WERE being born in the same lifetimes BUT those fuckers would KILL OnE oF ThEm SO THEN ONLY ONE COULD EXIST IN WORLD AT A TIME And ThEn WE REALIZE THAT AEDAN'S HUMAN CHARACTER HAS ALREADY APPEARED IN THE BOOK AND WE JUST DIDN'T KNOW IT WAS HIM BUT ThErE ALsO SOME OLYMPIAN GOD TWINCEST GOING ON These twists and developments just completely elevated this entire book to be really amazing to read and the mythology just so brilliant foreshadowedI was worried that because this is a YA novel our MC would act like a typical YA heroine circa 15 years old. **Elysian fantasy baseball** And this book

incorporated all those elements pretty great with interesting characters and learning more about the goddesses being reincarnated into different cultures-- being Greek Gods then Egyptian etc WAS JUST SO FRIGGEN COOL Now the critiques *sniffle sniffle*My god that was beginning was basic and almost kinda painful to read through. **Book elysium** The entire time I was picturing our MC to be 18 at LEAST And looking back i'm wondering WHY!? I think the author tried to distinguish human Kary from her goddess awakening but sadly it got to the point where the human had almost no personality and the goddess was a sudden adrenaline junkie that would wake up to destroy shit. **Book elysian realm** And at the moment it is on KU! Elysian (A Celestian Novel #1) I just want a release date cuz I need more dark YA Fantasy in my life :) Elysian (A Celestian Novel #1) Thank you for providing me an ARC in exchange for a review. **Book elysium** Aside from that I really loved the plot and the way things were being revealed towards the end! Elysian (A Celestian Novel #1)

Rebecca Queen was born in Lima Peru,

Elysian fantasy springs

Random hot guys showing up to help Kary our MC starts as a pretty basic lili dumb birthday girl. **Book elysian fields** But this book isn't about Kary the human My favorite part of this book: Kary's life as a goddess wasn't just a random backstory to give reasons for her powers: **Elysian bookshelf** And its friggen teRrIfYiNg "There was power in names and knowing hers could change who she was in an instant. **PDF elysian realm** Also I feel like the other sisters accepted that whole child murder thing a little 2 quickly, **Elysian landscapes** Then suddenly in ch 15 we went back to that scene from another person's POV without even knowing it was a time skip, **Elysian fantasy name** It started as a typical YA heroine with powers that was suddenly elevated by remembering her past Goddess self with some extra details to keep it from cliché, **The elysian kingdom book** The author made the worldbuilding of god mythology work TO BUILD UP the important plot instead of paragraphs just describing where the characters are: **Book elysium** AND I TOTALLY FIGURED OUT THE EARLIER CHARACTER REVEAL OF AEDAN AND I FRIGGEN LOST MY SHIT.

Book elysium

Gods. **Elysian fantasy 5** She didn't think anything strange about the clichéd way her adoptive parents found her on their doorstep one night: **Book elysium** That is until she meets someone (something?) that shows her otherwise and she begins having visions of past lives: **Elysian fantasy name** Visions that look a lot like the myths she never believed in and that reveal that everything bad that's been happening was her fault to begin with, **Book elysian realm** Elysian (A Celestian Novel #1) I enjoyed this one! The amount of thought and detail that went into it was amazing and the story that the author created was very interesting. **Elysian fantasy 5** I liked all the secondary characters but felt it could be a bit confusing at times: **Book elysium** It jumped a lot between time periods and it was difficult to keep track of: **Elysian libro** The author did a fantastic job of creating an alternative world full of adventure danger and excitement. **The elysian kingdom book** I can't wait to read book two! Elysian (A Celestian Novel #1) I don't usually read YA but this was a pleasant

surprise. **Elysian liss** She developed the characters fully and the writing was clear and easy to follow: **Book elysian** For anyone interested in YA OR Fantasy I highly recommend reading this book: **Book elysian apartments** But she's not a dainty spoiled princess—she's the most badass female protagonist I've ever read: **Book elysian fields** Elysian has multiple POVs and all the side characters were well rounded and had their own unique voices, **Elysian epub reader** It was fast paced with great characters that definitely kept my attention , **Book elysian realm** This book is unique exciting and leaves you anticipating the sequel, **The elysian kingdom book** Elysian (A Celestian Novel #1) **I was provided with an ARC for an honest review. **Elysian bookshelf** **I am actually embarrassed by how much I underestimated this book. **Elysian liss** Wrong! Within this one DEBUT book the author creates 3 brilliantly beautiful plot developments of Human tier Magic tier and Gods tier, **Elysian ebook reader** High school cliché girl discovering powers from defending herself and of course Olympians oracles world-altering decisions and heart pounding battles. **Book elysium** And the ongoing mystery of figuring out who is which goddess: Kary Lorelei Caroline and Serena: **Elysian fantasy 5** This is a goddess who has lived for thousands of years so obviously she needs to have the maturity to go with that: **Elysian fantasy name** And Kary quickly embraced her inner powerful goddess that is definitely a morally grey badass muhaha I've read a lot of reincarnation books. **EBook elysian realm** It was just a basic cutesy start that honestly a lot of people might've stopped at — thinking that the whole book was gonna be like that: **Elysian epub reader** And obviously I just wanted this book to be NA the whole time instead of YA. **Elysian liss** Where the perfect additions of some curse words sexy sexy fun times and darker actions would've made this book alllll the more delicious. **Book elysian park** It's already leaning towards dark fantasy but couldn't *quite* commit because of the limitations of YA genre, **Elysian landscapes** Overall PLEASE MESSAGE ME IMMEDIATELY AFTER READING THIS TO DISCUSS IN LENGTH! It made me laugh smile swoon jump up and down in excitement and cry. **EPub elysian fields** This book had it all! Definitely Recommend checking out this debut book and seeing what she does next! Elysian (A Celestian Novel #1) 4, **Book elysium 5** Stars Elysian (A Celestian Novel #1) RTCI really liked this book and I normally do not give 5 stars but this book really deserves it. **Elysian liss** Let's say they are old souls (which is the best descriptions I can give without spoiling too much): **Elysian fantasy baseball** I honestly did not expect to love this as much as I did, **Book elysium** I went in reading this without any expectations and I have to say it amazed me so much, **Book elysium** Right from the start I was invested in Kary's story and journey, **Elysian fantasy name** It was enjoyable reading her go through the change from human to a goddess, **Elysian fantasy name** I love the build up of the tension and the story and the mystery it provides us when showing Kary's memory from her past life: **Elysian fantasy 5** Not only did I love Kary here but all the characters! It was great reading their POVs too and seeing what goes in their mind: **Elysian fantasy football** I love how this had such a unique take on angels gods and goddesses. **Fantasy elysian fields** When she was still young her family relocated to California where she lived in the city of Rancho Cucamonga: **EBook elysian space** One day when she was around 11 years old she stumbled upon a 4Kids TV forum where she met a group of girls who were into the same cartoon that she was: **Book elysium** That's how Rebecca discovered her love of stories and how she first became an avid reader, **Book elysian realm** Reading wasn't enough though because Rebecca realized that there were stories shaping in her head that no one would be able to get down on paper but her: **Elysian fantasy name** She has a degree in International relations and likes to spend time with her horses and dogs during her free time Rebecca Queen was born in Lima Peru, **Elysian fantasy 5** When she was still young her family relocated to California where she lived in the city of Rancho Cucamonga. **Book elysian** One day when she was around 11 years old she stumbled upon a 4Kids TV forum where she met a group of girls who were into the same cartoon that she was, **Elysian fantasy baseball** That's how Rebecca discovered her love of stories and how she first became an avid reader: **Elysian ebook3000** Reading wasn't enough though because Rebecca realized that there were stories shaping in her head that no one would be able to get down on paper but her. **EBook elysian swim** She has a degree in International relations and likes to spend time with her horses and dogs during her free

time, **Book elysian swim** She also has a youtube channel where she talks about anything from books movies and tv shows to life in Peru (yes she currently lives in Peru!) {site_link}.

. The writing style of ch 13 for an event. The plot was action-packed with the creative building. Angels. Myth right? Nah. Kary's about to find out they're all real. And she's one of them. Kary thought she was a normal human girl. She discovers she is actually a princess and a goddess. The author managed to pull me in right from the start. I especially liked Lorelei Caroline and Ryan. I was wrong. I. Was. Human Tier— this was some basic YA beginning. spoiler.wait what." He pinched his nose. "What am I saying." He was talking to himself now muttering under his breath. "You've always been ridiculous." "Hey —" Kary began to protest."And then. We finally get to the God Tier. —This aint just some random mythology added mad-lips style. Only to be separated. And become harbingers of doom. And mythology books. And young girls finding out powers books. I mean a friggen high schooler birthday. And the age was just way 2 young.WARNING:the FMC's or at least some of them are Teenagers. But as the story goes on they don't act like Teenagers. All the characters were lovable and easy to connect with.The plot and world building was amazing too. Together they started writing stories through roleplaying games. Thus she started writing. Together they started writing stories through roleplaying games. Thus she started writing
