Yalnızlık Allah'a mahsustur vb Alpha's Regret This book was amazing! Loved it! I need to know when the series is coming out? I literally read this in one day I'm hooked addicted. **Book Alpha's regret** I've been sucked in on a lot of them but I usually lose interest and don't think the amount of money they ask for is worth it to read the next chapter beyond the free chapters. **Alpha's Regret booker** Although I will say it was really annoying to spend all that money and reach the end.

Why didn't he take her as his mate after his father died? And why did he sleep with other women? Valarie basically said he did when she was explaining to Everly that you get used to the pain of the infidelity. **Alpha's Regret ebook reader** So at the beginning he is sort of a villain but by the end he's a great dad and grandfather who made a mistake by not taking his mate... the Kalen described at the beginning was not the same Kalen we knew by the end. **Alpha's Regret pdffiller** There were other small issues like when they saw the bruises all over Everly's torso as a result of Valen's infidelity.

{site_link} post a commentŞimdi ben bunu niye ve neden okudum bilmiyorum size de açıklayamam ama şunu diyebilirim ki herkes hata yapar kusursuz insan yoktur only for the author to say she plans to publish a more edited version of this book sometime next year... I will probably buy that too because I really liked this story. **Alpha's regret my luna has a son chapter 86** When she finds out she's pregnant she is basically kicked out because she is considered a disgrace to her family and everywhere she turns seems to be a dead end even when she tries to contact Valen who doesn't even remember her as he was pretty drunk the night they were together. **Alpha's regret my luna has a son pdf** There was a bit of manipulation and forcing her into situations where she didn't have much of a choice but to do what he wanted and that annoys me to no end because I was ready for him to try and win her over not force her through manipulation. **Alpha's regret my luna has a son chapter 86** Let her get her pound of flesh you certainly pounded enough flesh over the years to give her another 24 hours at the very least of throwing it in your face...But once they did get together I really liked their relationship. **Alpha's regret my luna has a son free** Some continuity issues like Valen's father apparently loved his mate and visited her often even though he never mated her because of his own father... but if he loved her so much like he seemed to at the end it was said they would fade if they mated. **Book Alpha's regret** And she wasn't with any other men... so you would think she wouldn't feel so confident or at least have some thoughts reflecting the fact that it was going to be like her first time all over again. **Alpha's Regret pdfescape** I think the author is a good writer but working on a book a few chapters at a time while writing other stories with similar characters or plot lines is a detriment to the story because she is either confusing her novels or forgetting what she already wrote. **Alpha's Regret pdffiller** Alpha's Regret Facebook sucked me into this book with a teaser of the first chapter or so & I had to know more! I really loved the plot and the characters but I HATE that 1)it's a VERY rough edit (like none) & 2) that it's unfinished. **Alpha's Regret pdfescape** If you can find a free version then I recommend but otherwise wait until if/when it's completed and edited before you spend \$20+ to read! Alpha's Regret Everly is the Alpha's daughter and next in line to become Alpha. **Alpha's Regret ebooks free** After finally thinking her life was going back to normal and making something of herself she felt she could finally

be free of everyone suppressing her; only then she discovers the Blood Alpha is her mate. **Alpha's Regret epub** She has no interest in the man that helped cause her suffering but can she resist the bond and protect herself and her son or will she give in and become his Luna? Alpha's Regret.

, **Book Alpha's regret** Any ideas on when the rest will drop? That ending is amazing but such a cliff hanger girl has me stressed about all of them, **Book Alpha's regret** Alpha's Regret I found this on a Facebook ad and got sucked into one of those pay-ridiculous-amounts-of-money-to-read-the-next-chapter apps called GoodNovel. **Alpha's Regret ebook reader** This is the first book I have ever actually finished on one of those apps, **Alpha's Regret book** And it was really cool that it had the audiobook option so I could listen while driving, **Alpha's Regret publishing** It seemed like author didn't think that one fully out when writing it. **Alpha's Regret ebook reader** So this starts out with Everly sneaking out of the bedroom of the Alpha to her father's rival pack, **Book Alpha's regret** She knows she needs to get home before it's discovered who she is or before her father starts asking too many questions about where she is: **Alpha's Regret ebooks free** She doesn't want to start a war but at the same time she felt drawn to Valen the Blood Alpha when she snuck into the annual Alpha meetup: **Book Alpha's regret** The beginning is kind of rough because Everly struggles and Valen inadvertently hurts her over and over again building a lot of resentment up in Everly, **Alpha's Regret booklet** But throughout these trials she is molded into a strong woman and she learns to stand up for herself and other rogues/outcasts: **Book Alpha's regret** She builds her own community and pack with loyalty to rival all the other packs around them, **Alpha's regret free pdf** It's so satisfying when Valen finally finds Everly again and realizes she's his mate and that she wants absolutely nothing to do with him: **Alpha's Regret epub** But the more he learned about what life was like for her in the past 4 years the more remorse he felt, **Book Alpha's regret** Except one part where he asked her to stop throwing it in his face like 2 days after he found out how badly his last actions had been hurting her: **Alpha's Regret pdfescape** It was literally killing her... but he was tired of hearing about it 24 hours after finding out about it? That ticked me off. **Book Alpha's regret** I would have liked a little more of the relationship building before it immediately started into the next book because the next part they hit the ground running: **Alpha's Regret booker** But there doesn't seem to be a book for it on goodreads: **Alpha's regret my luna has a son pdf** It was tacked on to this story but it was supposed to be a part two. **Alpha's Regret epub** In this book her two best friends got their happy endings too but not before going through it. **Alpha's Regret pdf** It was a great ending to a book with a sad beginning: **Alpha's Regret pdfescape** There were a lot of editing issues that would make this a much better book if/when corrected. **Alpha's Regret book** But there were also some small things that I think would really take this book to the next level if addressed: **Book Alpha's regret** So Valen gets her to mark him and then it's never talked about again. **Alpha's regret my luna has a son free** You would think we would get an update on the marks fading or her health improving but it's just assumed I guess, **Book Alpha's regret** Or when they are finally together again the first time they sleep together is technically like Everly's first time again because she didn't even remember their one night together: **Book Alpha's regret** But nope there was never an insecurity or inkling that she even thought about it being her first time ever remembering sex, **Book Alpha's regret** So if those kinds of small things were fleshed out a little more it would have made this story even better and probably have been a 5 star read for me: **Alpha's Regret ebooks free** Alpha's Regret Avoid this one for a while it currently has 83 chapters and is not finished. **Alpha's regret my luna has a son free** Only found on the pay per chapter type websites and it is not a complete book: **Book Alpha's regret** There are no direct links to a website for this author either and i am not 100% sure it is really the pseudonym of the author mentioned in another review: **Alpha's Regret ebooks free** I found myself hooked and crying in the first couple of chapters. **Alpha's Regret kindle unlimited** Rooting for the characters laughing and being angry with them. **Alpha's Regret pdf** Alpha's Regret

Update 9/1I finally saved up enough points to open this book one chapter at a time and finish it, **Alpha's Regret kindle unlimited** The story kept jumping back and forth between POVs and had begun to contradict itself with facts so it became less enjoyable: **Alpha's regret my luna has a son chapter 86** Disappointing really because this one had a super strong start that really hooked me, **Alpha's Regret booklet** The story hooked me and I loved the female MCs and the dynamic of building your own family. **Alpha's Regret pdffiller** But the chapter updates are way too slow only 1 chapter every few days and the chapters are short: **Book Alpha's regret** It really hurts the reading experience and makes it hard to stay engaged. **Alpha's Regret pdffiller** Alpha's Regret Loved this book only downfall is it being unfinished thank God I didn't pay to read half a novel that would have been disappointing. **Alpha's Regret epublising** Alpha's Regret While this desperately needs an editor if even I can see the mistakes I did have trouble sleeping last night and still read the whole chunk available to me, **Alpha's Regret kindle** So like I can't say it was bad but it does need a firm editing: **Alpha's Regret kindle unlimited** And do I still have questions and want more? Absolutely I do: **Alpha's Regret kindle** I would love to read a fully finished and edited version on this book so I can confidently give more stars, **Book Alpha's regret** That all changes when she learns she is pregnant with the notorious Blood Alpha's son: **Alpha's regret my luna has a son pdf** Alpha Valen denies ever being with her and her father refuses to have a betrayer for a daughter, **Book Alpha's regret** Everly is shunned from the pack for not aborting her child stripping her of her title and forcing her to be rogue with her newborn son, **Alpha's regret my luna has a son pdf** After years of being on her own he has come to claim her and his son, **Book Alpha's regret** Everly has no interest in being with the man that denied her son and shamed her. But this one kept me wanting more. He has to work to get her. Although I didn't really care for how he did it. Valen was charming and funny. He teased her a lot and it was cute. I wanted more sweet moments of them together. That book was Alpha's Redemption. This book was full of chaos and happiness and sadness. I wish the author would actually publish the finished story. The style is very different from that author. Alpha's Regret This book has it all. An amazing read. I cannot wait to see more of Everly and Valen. Boy do I feel like that was a waste. I started this book not realizing it was unfinished. Alpha's Regret This is a real gripping story. From the very first chapter I was hooked. I've cried I've laughed I love it. 2 chapters uploaded everyday at <https://swnovels.com/alpha-s-regret-m>. And free read at <https://allreadingworlds.com/novel/al>. And like it's addictive. I read it how I used to inhale fanfiction
