

100 Nasty Women of History: Brilliant, badass and completely fearless women everyone should know  
By Hannah Jewell She loved it! The book is hardback and quality and will look good on book shelves  
or coffee tables! 100 Nasty Women of History: Brilliant badass and completely fearless women  
everyone should know I loved this book because the author decided to take a unique approach of  
writing as if she is speaking directly to you as a BFF! She doesn't mince words or holds back on the  
swearing which makes for a funny informative read that I thoroughly enjoyed. These "Bad Women"  
are ruthless ingenious brave rulers and shakers the book should be named "Bad Ass Women in  
History"! Each woman has been thoroughly researched and presented in a funny and easy read  
though as the author warns you the middle can be very intense and sometimes sad which slows  
down the book a bit but considering the situations they find themselves in. It's a book that you'll  
want to reread again and again which is amazing for a non fictional first book! Read learn laugh cry  
and enjoy this Amazing trip through History by the women who shaped it but received no accolades  
and who's stories should be taught in every History class! 100 Nasty Women of History: Brilliant  
badass and completely fearless women everyone should know Achat d'un produit neuf endommagé  
Merci de faire attention a l'état de l'ouvrage avant de l'envoyer ! 100 Nasty Women of History:  
Brilliant badass and completely fearless women everyone should know Arrived before expected  
delivery day. Not academic but very light and fun to read 100 Nasty Women of History: Brilliant  
badass and completely fearless women everyone should know Finally! Looking forward to the  
wonderfully humorous yet powerful stories of amazing women! Perfect timing :) 100 Nasty Women

know

Bought this for a colleague as part of her leaving gift, Hannah Jewell has done her research and delivered a great look at the unsung women that shaped History as we know it, This book is really very good includes women not very well known and chapters very good, I've found an interest to follow up on some of these women. She is a feminist and a lover of history
