

The Devil You Know (Dr. Jane McGill Book 2) By Freida McFadden **The devil you know on hulu** I found the situation with her ex sad and when the author revealed his real plight I found it depressing to see someone as dynamic as he is faced with such a terrible situation. **The devil you know season 3** So overall this is a realistic followup to the first book.

Then Jane discovers that Dr. Ryan Reilly is the VA's newest vascular surgeon. Dr. Ryan Reilly a.k.a. Sexy Surgeon a.k.a. the biggest jerk she ever loved. There are some laugh out loud moments to enjoy though. However and heartbreaking in some regards. The humour softens quite grim subjects. I was pleasantly surprised. I was expecting a predictable romance type book. A really good read. English I gave it 5 stars because it was a great story. I love medical books because I used to be a nurse. Not a sloppy romance just a great story. English
