A good little read very predictable in the out come: Sometimes it would be nice to read something that the ending was a surprise. I guess if you just want something light that takes little thought then this the book for you. Having read some of Meghan's previous novels I had high expectations for this book and wasn't disappointed. Meghan Quinn is the Queen of romance!!! ☐ Meghan Quinn Nice storyline and enjoyed the light comedy from time to time: Two years later all four of the Knightly brothers have had no luck in love. Loved the characters the story line the writing. Everything about it was perfect. First time reading Meghan Quinn's work. Looking forward to enjoyable reads. Meghan Quinn Hard to read so so bad. Like unbelievable characters. Like don't buy it. Cheesy. Just torture from the first line on
