This book is phenomenal. It's even better than the first. He is right. I've gotten so bored with that style. THIS BOOK REALLY IS JUST A GUY SHARING HIS TRUTH. This little book is filled with true sentences. Inspiring and if one allows it life changing. Thank you Kamal. Live Your Truth Kamal's story is inspiring. The work is raw inspirational. His sentences are short powerful and easy to absorb. His honesty shines through in every word. Well worth the money. I'm also purchasing for

close friends. He'll help you too. We don't stumble accidentally into an amazing life. Prepare to be your best self. This book exudes love. Tears of relating to every word. Let go. Of attachment to outcomes. Attachment to what you desire. These things can never define us. Heck yes. However 'Live your truth' surpasses his first. Please keep writing Kamal as it makes a difference. I will treasure this book forever. Live Your Truth Again another triumph from this author. Live Your Truth
