

REVENGE (Hugo Xavier Series Book 1) By Filip Forsberg **Revenge of the nerds** I like the different tasks he takes on and the team he works with! My only issue was that at times the sentences don't quite make sense to me until I flip a word or two around in the sentence. **Revenge roblox code** I think a lot of the problem was the translation presumably from Swedish to English? which was really pretty clumsy and didn't help the flow at all I had to stop a few times to try and work out a meaning or context. **Revenge text font** And yes.
