Demons Do It Better: A Hidden Species Novel (English Edition) eBook : Masters Louisa: : Tienda Kindle Demons Do It Better: A Hidden Species Novel (English Edition) eBook : Masters LouisaWow. And the way he was introduced was pretty fabulous;“In my younger days I was the twinkiest twink that ever did twink until it became too much effort I’d much rather order takeout and watch TV in my sweats than squeeze my balls into skinny jeans and get stepped on by some d*ck in a club who’s too busy feeling me up to realize he’s crushing my foot. Demons Do It Better: A Hidden Species Novel (English Edition) eBook : Masters Louisa Louisa Masters showed us again how good she is in creating complete new worlds regardless they are contemporary or paranormal as in this case. I enjoyed (and laughed) a lot following Sam while he discovered the reality behind God and Lucifer and met Hellhounds shifters Demons Do It Better: A Hidden Species Novel (English Edition) eBook : Masters Louisa I made a huge mistake reading this book I finished this at 1am and I had to get up for work at 5am. Hands down worth it will do it again Demons Do It Better: A Hidden Species Novel (English Edition) eBook : Masters Louisa Really fun MM paranormal romance with brilliant world building lots of banter and adventure. In this you'll find:☐ MM paranormal romance☐ Gay MCs☐ Grumpy/sunshine☐ Size difference☐ Demon MC☐ Shifters☐ Supernatural age gap☐ Hookup turned awkward office meeting☐ Genetic experimentation☐ Kidnapping☐ Happy ending Demons Do It Better: A Hidden Species Novel (English Edition) eBook : Masters Louisa This review is for the whole series:What are you waiting for? Just go and read the books. And I knew I’d love it from the very first page and I’m not just saying that to try to make a point, So Sam is just a regular (sort of) guy working as an office admin, But being bored out of his mind with his current job he’s applied to a new admin position at a place that in the ad guarantees adventure. As it turns out it’s at the Community of Species Government and Sam’s new reality expands to include vampires demons and shapeshifters, As the only human at the CSG Sam is viewed as something of a novelty and he doesn’t necessarily mind, However it turns out that a recent hook up a super hot and stacked guy named Gideon is actually a demon who works just a few floors above Sam: But then Sam’s recruited to Gideon’s team just as expecting couples start disappearing. And somehow it appears that might be connected to Sam somehow. It’s funny as heck and Sam is frankly an irresistible character: The story is told in first person exclusively from Sam’s viewpoint. “I’m generally not a fan of insta love simply because it’s difficult to make it believable but insta love for a book is obviously a thing: I fell in love with Sam and this book pretty much right off the bat, The story starts off quite fast paced and you’re immediately dropped into the job interview that will change Sam’s life. There’s lots of stuff happening all the time and the dynamics between Sam the human and all the other species is just hilarious. But then I experienced a bit of a lull in the story when the pregnant couples started disappearing and Sam’s team began investigating. It’s a bit of a contradiction that that the pace slowed when the apparent action started up: It did pick up again after a while though and I raced through the rest, I would have liked to see even bigger focus on Sam’s and Gideon’s interactions (and eventual relationship): Most importantly I would have liked to see of the re kindling of their attraction before things... started happening to Sam, As it were I wasn’t entirely convinced that Sam’s change of circumstance didn’t at least contribute to Gideon acting on his re awakened interest, Otherwise my one objection to the story is the too convoluted plot the bad guys have put into motion. I’m not even sure I fully understood the ins and outs of their machiavellian plan, However it didn’t affect my reading experience I still enjoyed this read as the great ride that it was, There will be a sequel in January next year but that will be about a new couple, I’ll probably devour that read too but I am hoping that Sam and Gideon will get a second book in the future. Either way I’ve found a new favourite author and I couldn’t be happier. They are funny have a great storyline interesting entertaining characters and unexpected and hilarious actions: If you like Alice Winters or AJ Sherwood this is right up your ally, I immensely enjoyed reading them and will definitely check out books by this author: I'm already looking forward to the spin off about the Dragons, Demons Do It

Better: A Hidden Species Novel (English Edition) eBook : Masters Louisa Le premier livre écrit par Louisa Masters que j'ai lu, L'univers est original les personnages sont bien développés l'histoire est intéressante le style d'écriture est très agréable à lire avec de bonnes doses d'humour et d'action:

. This was just an amazingly fun and endearing story. I just loved it. In the first chapter I highlighted 5 different sections. For me that's practically unheard of. So yes. This was definitely a 5 star read to me. Awkward. And Gideon isn't pleased. Right so we've already established that I adored this story. I do miss getting felt up though. That being said it's not an entirely even read. And there's the brooding Gideon of course. But that's a minor detail really. It didn't need to be quite so complicated. Also I would have liked this book to be longer. I want of Sam and Gideon and I want of this world. Une très très bonne découverte
